## Preface

It's not a secret that most people of all ages today can't live without TV.

Children, their parents, teachers and other people watch TV every day. But not all of them watch everything that is on. Despite the fact that in Russia there are hundreds of TV channels, most of viewers watch the TOP 50 channels. More than 34% of the audience prefer the first three channels "the First channel" "Russia 1" and NTV. The TOP 10 includes TNT, TV-3, STS, Home, Ren TV, Channel Five and TV Center.

In my family my parents and I prefer different channels. Sometimes we even argue what to watch. And I wondered whether my classmates and teachers have similar problems at home.

So I began to ask them about their preferences. And today I'd like to tell you about it because it turned out to be rather interesting.

## Main part

### 1. Why do we watch TV?

Some people use TV as a background

Others switch on the TV sets just to waste time.

We can watch TV to learn something new.

.We watch TV for entertainment

### 2. A variety of TV channels.

As I have already mentioned today we have a lot of TV channels. Almost every channel specialise on different genres

Genre	Name of TV channels
Entertainment	CTC, TNT , Friday

Everyday	First channel, Russia 1
Sitcom	Russian Novel, Home
News	Russia 24
Sport	Match TV, EuroSport

**3.** All of us watch TV and each of us has his favourite TV program. I wondered what kind of TV programmes my friends and teachers watch. I decided to ask them.

**4. The result of the survey (you can see on this slide).**

Almost all my friends watch entertainment shows, cartoons. But grown ups like to watch educational programs and news.

**5. My Favourite TV program.**

I like to watch TV programmes about traveling. Therefore my favourite TV program is Orol and Reshka.

Every weekend two presenters visit various cities of our planet. According to the rules one of them must live only on 100\$ during Saturday and Sunday, but the second person can spend an unlimited amount of money.

They aren't afraid of conquering mountains, travelling to the bottom of the ocean, spending time in the desert.

During twelve seasons they visited 226 cities in 106 countries.

Most of all I liked their travelling called Krugosvetka. In Krugosvetka they have visited such places where not every tourist has been.

My favourite release is desert Atacama. Presenter Regina roasted corn in the geyser and spent the night in the desert. Presenter Petr swam in the icy water, conquered «Martian» land of the desert. It was very dangerous journey, but it was very exciting.

**Conclusion**

**No matter who you are** middle aged engineer, young hairdresser or old rector. You can watch documentaries, reality show and cartoons.
